

## DEAD MAN FOUND WITH AIRPLANE

Body Mangled by Wolves Beyond Recognition; Ship a Stranger

SAN ANTONIO, Texas, April 21.—An airplane found a few days ago in the vicinity of Vega de Los Llanos, Coahuila, Mexico, with the mangled body of a man living because it is believed to be the abandoned plane of Capt. Alexander Pearson Jr., who became lost in flight from El Paso to the city two months ago and made a record landing in Mexico, according to the headquarters of the eighth army corps area.

A check of army planes fails to show any missing. General Dickson believes that if it is not Pearson's plane which has been found, that the plane was owned by some American aviator. The Mexican government has sent a detachment of soldiers to ascertain the number of the plane, if any, and notify General Dickson. It was impossible to identify the body as it had been mangled by wolves and birds. It is thought to be the cadaver of a pony which became lost and died of thirst.

### A Banquet That Was Almost a Tragedy

Three years ago at a banquet I was stricken with acute indigestion. Two doctors worked over me for an hour before I came to. I had had several such attacks before, but nothing like this. No doctors or medicines gave me permanent help until a friend who was at the banquet, advised me to take a course of May's Wonderful Remedy, which I did with wonderful results. It is a simple, harmless preparation that removes all catarrhal mucus from the intestines and relaxes the intestinal muscles, thus curing practically all stomach liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Quaker Drug company and druggists everywhere. Advt.

CHICAGO, April 21.—Sixty-two days more life today have been granted three men who were to have been hanged in the county jail here tomorrow.

Gov. Smith refused until June 23 Harry Ward, former soldier and Oscar Metzger in order that they might have time for an appeal to the supreme court.

Ward, known as "Lone Wolf," was convicted of the murder of Thomas Grancey, a great cleaner, and Frank Schwartz, cigar clerk, whom he shot during a robbery.

Rodgers and Metzger, both negroes, were leaders in a back-to-African movement and were convicted of killing Robert F. Rose, a sailor who protested the burning of an American flag during a parade of the "Aborigines" on the south side.

### NEURASTHENIA—NERVE STARVATION

A Disease of the Down Hearted—Practical advice on what to do.

Many a man is broken down and discouraged without having any actual disease in his organs and tissues—he has lost his grip, feels weak and nervous and everything looks dark. He is suffering from the great American disease—Neurasthenia, or nerve starvation, due to over-work. The longer this condition continues the more certainly will it end in real disease of his organs, his nerves or his mind.

Such a man should live on the simple foods—fruits, vegetables, fruit and green vegetables, sleep nine hours at night if he can, an hour in the afternoon and feed on starved meat, good bread, good milk, good meats and blood food like Nuxated Iron. Nuxated Iron contains a product brought to the attention of the public by Dr. J. H. Marshall, the celebrated Doctor Hobo, which represents the principal chemical constituent of active iron. It need not be taken with organic iron, but the iron in your blood and like the iron in spinach, lentils and apples.

Nuxated Iron may therefore be said to be real nerves and blood food since it supplies the principal ingredients demanded by your nerves and blood to give you strength, energy and endurance. It often increases the bodily and mental vigor of weak, worn-out, down hearted, and nervous folks in two weeks. You can get it with the result guaranteed by the manufacturer if it does not produce perfectly satisfactory results. For sale by all druggists—Advt.
